

# Empalis Consulting

Perfection only works together.

## Your IT should just work? Your solutions should be safe?

Empalis has been providing customized IT solutions and services for almost 30 years. In doing so, we offer our customers a full range of services for their data - from storage and backup to analysis and evaluation. In interlinked Competence Centers, our specialists with years of practical experience and in-depth background knowledge work on the best solutions for your company.

### Our employees

Approximately 40 certified experts - plus external network

### Our customers

Well-known companies from the upper middle class and large corporations

### Our partners

Market leading technology manufacturers and experts from user associations

### Our history

Around 30 years of successful company existence since our foundation in 1989

### Our mission

Worry-free service for your data and your IT infrastructure

## Services and expertise

Expertise from Empalis means in depth professional and technical knowledge and competence. Not only do we solve your IT requirements. We make your system suitable for you. As you need it today and in the future: safe, reliable and easy to handle. We are happy to support you in all areas of your business:

Reviews

Consulting

IT-Service

Project-Management

Trainings

Change Management

## Tasks and Products

We also pursue a holistic approach in terms of topics: We transfer your data safely and securely from the frontend to the backend - and show you a safe path to the cloud. Thanks to our high level of certification, we provide you with a solid overview of software and licensing models from IBM and other leading vendors.

Our comprehensive solution portfolio includes products and services related to:

Data Protection

Backup & Recovery

Mainframe Systems

System Automation

Middleware

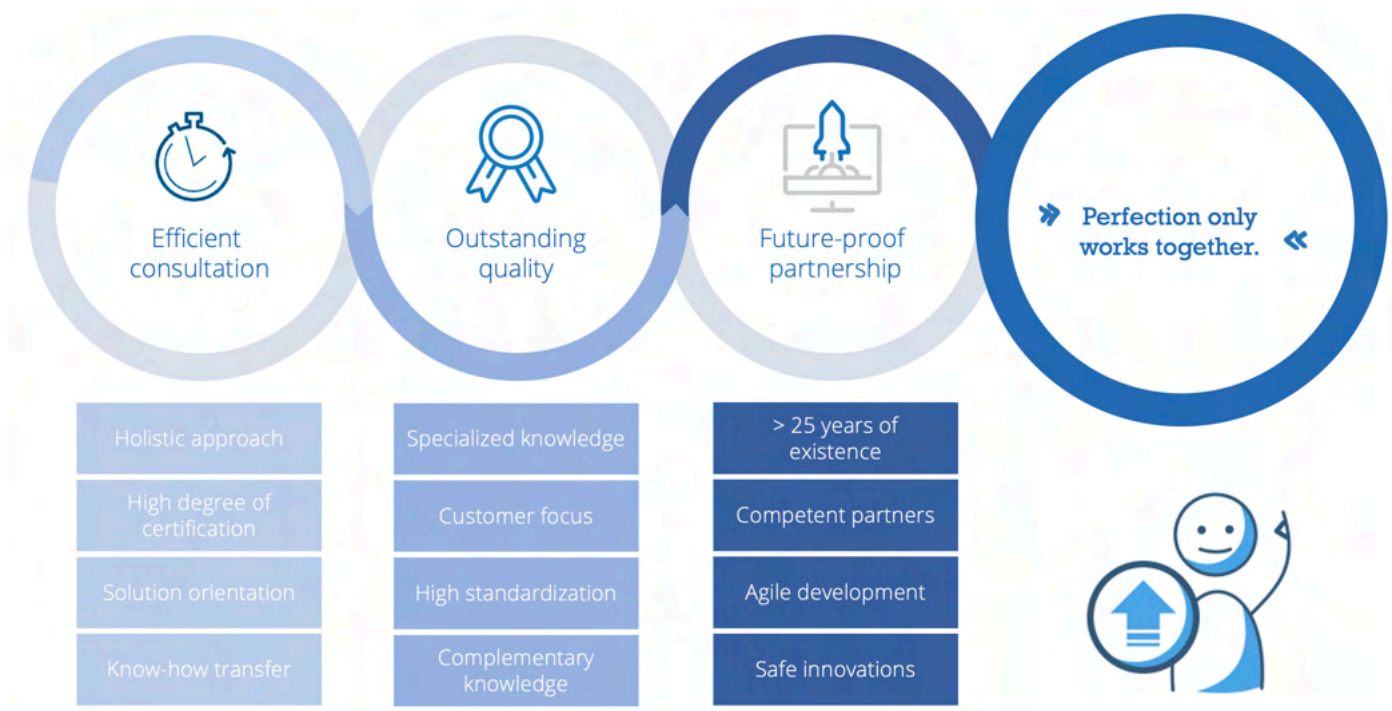

IT Security

Our decades of project experience with diverse industries, topics and technologies are incorporated in our specially developed Empalis solutions and services. They are specifically tailored to the needs of our customers and serve the needs of the specialist department and IT:

- Empalis Service Plus (ESPlus)
- ISPS Manager
- App: IBM Spectrum Protect Administrator´s Reference Summary
- Key Converter
- Automation Support Suite (ASS)
